What to Expect From Your Cleaning

- Maintenance cleanings focus on surface-level upkeep and hygiene.
- Add-on services (inside appliances and blinds) must be selected separately unless included in a Move-In/Move-Out service.
- Deep Cleaning allows additional time for detailed areas based on home condition.
- First-time cleanings prioritize kitchens, bathrooms, and high-touch surfaces.
- Once a home is reset, ongoing cleanings are faster and more consistent.

Our goal is thorough, reliable service — not rushed or unrealistic perfection.
